EXPERIENCE

Highschool period:

2019 - 2021

During that time, I worked in the local area on various positions, such as:

- Waiter in the hotel;
- Consultant in the supermarket.

Considering this, I've always had good grades at school, moreover, I was awarded a gold medal when I graduated.

University Period:

2021 - Present

- I am a biology sophomore at Tbilisi state university, very interested in sciences and technologies;
- I am also a self-taught React developer, I have some valuable experience in this field.

2022 dec - 2023 july

- Have worked as a Help-desk specialist at **Bank of Georgia**, during which I gained intense and crucial experience in the IT field, have gained many important personal traits and soft skills.
